for your Business***

PORTER CRAFT X

This vehicle provides a modern take on the functionality of the Porter Piaggio. It has been designed to move freely in urban spaces and offers simplified logistics and greater space.

TECHNOLOGICAL

the roof is electrically retractable to make your life easier.

COMFORTABLE

with 1.6 meters of width and a sliding counter, it is the ideal work space even with three workers.

CUSTOMIZABLE

Customizable in every detail: color, lighting, material, graphic design and accessories.

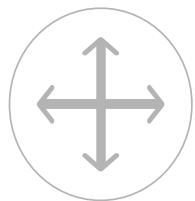

FUNCTIONAL

up to 1.4 m of kitchen space and 600 liters of refrigerated space.

ECOLOGICAL AND FUEL EFFICIENT

its lithium batteries offer up to 10 hours of ecological fuel mileage.

COMPACT

Just 2.05 meters tall when closed.

PAYLOAD

the new frame allows for large payloads and spaces to house equipment

LOGISTICS

thanks to the bi-fuel, LPG/petrol engine with a larger tank, you no longer need to worry about traffic and longer trips on the highways due to driving restrictions.

"FUEL EFFICIENCY"

Ecological and fuel efficient, it allows you to travel with low fuel costs.

THREE DEFINING FEATURES

"FUEL EFFICIENCY"

With reduced fuel consumption and a lower environmental impact, the vehicle can travel long distances thanks to its reduced size.

"A COMPACT SIZE"

Surely the shortest vehicle in its category, it is able to easily enter city garages and parking decks just like a normal car.

"SPACIOUS INTERIORS"

A vehicle made for work: the interiors have been designed to host up to three workers at the same time and ensure maximum comfort.

"A COMPACT SIZE"

The shortest vehicle in its category, it can be parked in personal garages.

"Spacious interiors"

It has been designed to comfortably host three workers.
